

Free Wheelin'

BY DICK DIMMETTE

DRIVING SAFETY is not altogether dependant on the steering wheel. While statistics undoubtedly indicate driver failure is the greatest single cause of accidents, MECHANICAL failure and malfunction must also be considered. The percentage of unsafe motor vehicles on our highways is startlingly revealed by the figures released by some of the eastern states having a compulsory inspection law. We in California do not want similar legislation. However, it is inevitable unless the driving public shoulders its responsibilities. It is a LETHAL NEGLIGENCE in both the legal and moral sense to knowingly drive a car on our free-ways that is mechanically defective in a way that affects its safety. There is far more to safety than just steering and brakes. With our rainy and colder season approaching, care must be given to such items as windshield wipers, mufflers, tread, lights and numerous other items. This need is not costly. YOUR TORRANCE NEW CAR DEALERS will make a free inspection of all of the factors involved in the safe operation of your car and give you a complete report. This is not a sales gimmick. It is a public service. Where, when, and what you send correcting the safe items is up to you. There is absolutely no charge for the inspection and report. Let's all do our part for HIGHWAY SAFETY and make unnecessary the passage of punitive legislation.

DWIGHT EUBANK, genial operator of the RAMBLER agency bearing his name, is this week's subject of our THUMBNAILED SKETCH. We feel there is some value in your knowing something of the character and background of your TORRANCE AUTO DEALERS. Dwight is a young old-timer in the Torrance area, virtually a native. He was graduated from Narbonne High School in 1925 and continued his formal education at Compton Junior College. Upon graduation Dwight was associated with various business firms in the South Bay area until 1949, at which time he entered the automobile-selling profession. Here he found his niche. A natural from the beginning, he rose rapidly to management position. For several years he was general manager of OSCAR APLES FORD here in Torrance. Shortly after the change of ownership of this firm he resigned to go into business for himself. Using his usual good judgment he has approached American Motors. His reputation in the community, his background, and his character assured immediate acceptance, and in 1958 he held his grand opening of DWIGHT EUBANK RAMBLER. This firm has enjoyed steady growth until it is now ranked one of the leading dealers in its line. We in the automotive field, and I am sure all his customers and many friends, join in congratulations and a friendly SALUTE to DWIGHT EUBANK, a credit to his community and his profession.

COMMENTS INVITED—again we ask your opinion on the value of this column. Your reporter can usually be found on deck at DEVON MOTORS your Plymouth-Diablo-Triumph Dealer. You don't have to like it, just let me know if you read it. See you next week.
